Junior Development Program

Beginner Junior Program

Target Group: Ages 5-8

Max Group Size: 10

The Beginner Junior golf program focuses on developing fundamental movement skills for our young golfers. The program is made up of several stations that focus on specific skill sets helping develop speed, hand eye coordination and promoting athletic development. The program is designed to help lay the foundation of continued growth in the game of golf and beyond while promoting a fun environment. This is a wonderful way to introduce your young golfer to the game.

Student to Teacher Ratio is 5:1
